

Hopscotch Series

Occasional Tables

Hopscotch Table Series Specifications

Veneers

Standard veneer is HBF Ligno-Grain, a high-quality reconstituted wood veneer that produces a textured surface that is not fully filled. HBF Ligno-Grain is available in all HBF standard finishes on Ligno-Grain in addition to custom finishes.

Veneer table tops have an opposing grain inset in the surface; round tables have a square inset and square tables have round insets. Wood tops are 1 1/4" thick with 1/4" beveled edge.

Solid Surfaces

Solid surface tops (not an overlay) are available in two standard HBF colors – Alabaster White and Ebony Skies. Solid surface tops are 1 1/4" thick with 1/4" beveled edge.

Bases

Bases are metal with a Brushed/Satin Nickel finish.

GREENGUARD

Hopscotch tables with solid surface tops are GREENGUARD INDOOR AIR QUALITY CERTIFIED.
