HBF Occasional Tables

Occasional Table Finish Options

Veneer and Finishes

The following slip matched, plain sliced veneers are available with the finish options as shown below.

Wood owes its inherent beauty to variations in color, grain, and texture; therefore, these variations are not considered defects. Due to the natural color and grain variances of wood substance the final finish color, texture and grain may vary from one furniture piece to another even though they are finished at the same time. Exposure to light and the aging process will cause changes in surface color of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. HBF does not guarantee the exact matching of grain, pattern and color.

Bamboo: Available only on select LOGICmeet tables.

Walnut: Available only on select Miter tables.

GREENGUARD®

HBF occasional table products have been GREENGUARD Indoor Air Quality Certified® when utilizing approved core and finishing materials. Please contact HBF Customer Relations for pricing and lead time information.

All occasional tables have a 30° sheen.

An upcharge of **5% Net** per unit for occasional tables, with a minimum upcharge of **\$500 Net** per order, will apply for any custom wood finish.

Solid Surface Tops

The majority of HBF high performance tables are available with an optional 1/2" thick solid surface top overlay (this adds 1/2" to the overall height of the table). Solid surface tops are standard in HBF Alabaster White. Other solid surface colors may be specified; contact HBF Client Relations for pricing and lead time information.

Solid Surface Care Kits are available. One will ship with each order. Additional kits are available for \$42 List per kit.

HBF Occasional Tables

Occasional Table Finish Options

Laminate Tops

The majority of HBF high performance tables are available with an optional color-through laminate top overlay. Color-through laminate tops provide a continuous solid color on the edges of the finished product.

The following Pionite® MelCor II® laminates are HBF standard selections. Pionite laminates are GreenGuard Indoor Air Quality Certified.

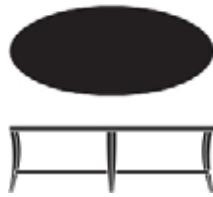

Eggshell White Suede Nubian Brown Suede

Tables can also be specified in any commercially available laminate. Pricing will be determined by the price of the specified laminate, lead time for tables will be based upon the availability of the laminate material. Contact HBF Client Relations for quote.

Note

HBF occasional tables that are commercially standard with solid surface and laminate tops are available with the same colors, etc. in the healthcare product line rather than the options listed above.

HBF Occasional Tables

LOGIC*meet* Occasional Table Series Specifications

Veneers Premium grade cherry and maple tops are plain sliced, slip matched. HBF Ligno-Grain veneer and Bamboo plywood panels provide an opportunity to specify environmentally friendly products. HBF Ligno-Grain veneer is a high-quality reconstituted wood veneer and Bamboo offers a renewable alternative to hardwood; both produce a textured surface that is not fully filled.

Wood veneer tops are bordered with a solid wood edge banding or a durable protective “T” edge detail may be selected for cherry, maple and HBF Ligno-Grain tops.

Protective Edge Detail The durable protective “T” edge detail is limited to cherry, maple or HBF Ligno-Grain tops. This option must be noted on the order by adding the code “T” to the table style number (see bottom of each page).

These protective edge details are available in the following HBF standard colors and must be specified on order: Ivory (T), Fog (T), Black (T)

Solid Surfaces Solid surface tops (not an overlay) are available on all LOGIC*meet* occasional tables.

Two standard HBF solid surface colors are available – Alabaster White and Ebony Skies.

Laminates Plastic laminate tops (not color-through) are offered on all LOGIC*meet* occasional tables.

The following Pionite® laminates are HBF standard selections:
Pionite laminates are GREENGUARD INDOOR AIR QUALITY CERTIFIED

Carnation White Suede	SW806
Eggshell White Suede	SW803
Tawny White Suede	SW812
Ash Gray Suede	SG254
Pumice Suede	SG203
Folkstone Gray Suede	SG241
Stonedust Suede	SG224
Ingot Gray Suede	SG211
Nubian Brown Suede	ST604
Anigre Suede	WX041
Hardrock Maple Suede	WM791

The edges of LOGIC*meet* laminate tables are formed with a soft protective 3mm edge band to create an attractive and very durable edge. This edge band material is available in the following HBF standard colors: Translucent Ivory, Fog, Sail White, Pepperdust, Graphite, Black

If laminate surface is specified please indicate on order both a surface and an edge band color selection.

Shelves Shelves are available for the round LOGIC*meet* coffee tables and may be specified in the same materials as the top surfaces. Acrylic solid surface material shelves are not available. Shelves must be ordered as a separate style number.

Bases All LOGIC*meet* bases are metal with a Satin Pewter powder coat finish. Round coffee tables have an X-base, rectangular and boat shaped table tops are affixed to a metal trestle base. Laptop tables are cantilevered; the offset metal base ensures substantial leg space for users.

The standard metal “foot” provides a 17” high coffee table. An optional taller profile foot elevates the table to a 20” height and provides a more comfortable working surface. Specification of the taller profile foot must be noted on the purchase order by adding the appropriate code to the table style number (see bottom of each page).

Cladding LOGIC*meet* round tables with a metal X-base may be specified with either wood veneer or a perforated decorative metal cladding. Metal cladding is standard in HBF Satin Pewter powder coat finish. Cladding must be ordered as a separate style number. The open metal base is also available without cladding. Cladding is not available for the rectangular and boat shaped tables.

Miter Table Series Specifications

Veneers	Standard wood veneers are premium grade plain sliced cherry, maple and walnut. Also available is HBF Ligno-Grain, a reconstituted wood veneer that produces a textured surface that is not fully filled. Cherry, maple and Ligno-Grain are available in all HBF standard finishes depending on species in addition to custom finishes; Walnut is available in three standard finishes. Wood veneer tops are 1" thick.
Solid Surfaces	Solid surface 1" thick tops are available in two standard HBF colors – Alabaster White and Ebony Skies. Other solid surface colors may be specified; contact HBF Customer Service for pricing and lead time information. Solid surface "Care Kits" are available. One will ship with each order, additional kits available for \$42 List per kit.
Bases	Bases are metal with a Brushed/Satin Nickel finish. The metal leg is distinguished by an innovative miter fold that provides a smooth radius transitioning from the leg to the table top.
Shipping	Miter top and four legs ship in separate packaging. Legs easily attach to top using the four screws provided.
